

OYEKANMI OLANREWAJU DAUDA

Educational Technologist & Frontend Developer

☎ +2348147531301 ✉ lanrewajuoyekanmi@gmail.com 🔗 <https://github.com/lanreoyekanmi>

🔗 <https://www.linkedin.com/in/olanrewaju-oyekanmi-1b4553243/> 📍 Ilorin, Kwara – State, Nigeria.

OBJECTIVE

A certified educational technologist and junior frontend developer. Proficient in educational technology settings and skilled with web development. Seeking a role of junior web developer / intern where I can learn and gain actual work experience. Also collaborate effectively and enhance technical excellence within an innovative organization.

EXPERIENCE

Teacher

Government Day Senior Secondary School.

📅 05/2022 – 08/2022 📍 Ilorin

Assistant Teacher

Taoheed Senior Secondary School

📅 07/2021 – 08/2022 📍 Ilorin

PROJECTS

INSTITUTIONAL JOURNAL REPOSITORY

📅 06/2023 - 07/2023

🔗 <https://lanreoyekanmi.github.io/academicjournal/>

Project summary and Primary Responsibilities

- The Institutional journal repository is a web-based application, developed using Laravel PHP framework. It served as repository for archiving all scholarly output from the University of Ilorin.
- Enhance the availability of resource electronically and makes research work much easier.
- Leverage Laravel, VS Code, HTML, CSS and Java Script for project development and execution.

AIRB’N’B CLONE

📅 12/2022 - 02/2023

🔗 https://github.com/lanreoyekanmi/AirBnB_clone_v2

Project Summary and Primary Responsibilities

- Air BnB is a complete web application, integrating database storage, a back-end API and front-end interfacing in a clone of Air BnB.
- The project currently only implements the back-end console.
- Leverage Python, HTML, CSS, Puppet, Shell and Ubuntu Sound box in project execution and enhancement.
